Percentage of Year 6 who can use a range of strokes effectively <ul style="list-style-type: none"> <li>→ 10m front &amp; back</li> <li>→ 25m front &amp; back</li> <li>→ 25m front, back &amp; breast</li> </ul>	90% 57% 13%
Percentage of Year 6 who can perform safe self-rescue in different water based situations <ul style="list-style-type: none"> <li>→ Brick</li> <li>→ Treading water</li> </ul>	97% 80%

### **FUNDING**

Primary schools will receive an annual payment of £16,000 this year and an additional payment of £5 per pupil (Year 1 to 6) for PE and sport development. This means that St George's Catholic Primary School will be allocated **£16,835** in this academic year. A breakdown of how these funds will be allocated can be seen below.

PE & School Sports Premium Allocation 2019 - 2020 £16,835		
Item / Strategy	Approximate Costs	Potential Impact / Outcomes
Employ lunchtime sports coaching to provide access for all pupils to structures, engaging lunchtime activity to promote health & well-being.	4,887	All children in Year 2 to Year 6 have weekly access to structured, high energy sporting activity through specialist coaches. Lunchtime activity is increased and sports are developed to encourage all to participate. Sporting activities can then be developed by classes after coaching to ensure more sporting activity throughout lunchtime provision. All children receive at least 45 minutes of additional sporting activity each week.
Develop the use of sporting coaches to support well planned and balanced games sessions, providing opportunities for staff development.	2,933	Additional coaching provides opportunities for 3 classes each week to benefit from specialist PE support in delivering the curriculum. Coaching develops a range of additional sporting activities that staff are less comfortable to deliver. Planning and teacher confidence improves.
Buy in sporting services for after school provision, giving additional opportunities for activity not available throughout the school day.	978	This investment is the annual cost of bought-in services to provide a variety of sports and activates after school. It will be available to all children throughout Key Stage 1 and 2 and have a variety of focuses over the year. The aim is to encourage children to take part in less traditional sports and experience sport in a fun and engaging way.
To develop mental health and well-being by developing weekly mindfulness and yoga throughout Key Stage 2	3,400	Weekly sessions provide an opportunity for children to relax and participate in yoga to further develop strength, balance and stamina, at age appropriate stages. Mindfulness provides time out for children to relax and develop mental health, supporting the whole child and their mood, as well as their physical development.

To purchase an outdoor climbing resource for Early Years to support activity, balance, coordination and fitness	2,000	To support physical development of children within the early years, climbing equipment will be purchased with the support of our PTA who have agreed to fundraise for 50% of the cost of purchase and instalment. This will get children active, developing physical exercise and skill before using gymnastic equipment in key stage 1 & 2.
Replacement of sporting equipment to ensure appropriate and good quality resources are available for curriculum activities	300	Provision will be set aside to ensure that all equipment is replenished so children have access to top quality sports apparatus.
Purchase of resources and equipment for enjoyable, active breaks and lunchtimes	300	Playtime equipment is purchased and coded for each class so each class has independent access to their own equipment. Play leaders and school council to work together to ensure resources are appropriate, suitable and looked after.
Resources / rewards / incentives for sports days	250	Resources are purchased to make sports days and events motivational and rewarding for all children. Certificates, medals, etc. are used to promote sports and encourage participation as well as recognising high achievers.
Payment for schools programmes to ensure pupils can benefit from competitive inter-school competitions	700	We pay to be part of the Chesterfield High School and MADCOS Sports programme which gives our children the opportunity to participate against other local primary schools and compete in a variety of sporting events. The objective is to be motivational and increase participation in new sports.
Staff Development Costs to ensure	400	Training provided for our PE and Sports leader to support the development and implementation of the curriculum. Training will be sought for apparatus use so staff will be better informed and led through the PE curriculum.
<b>TOTAL PLANNED EXPENDITURE</b>	<b>£16,148</b>	
<b>TOTAL INCOME</b>	<b>£16,835</b>	
<b>CONTINGENCY – AVAILABLE TO SPEND/CARRY FORWARD</b>	<b>£687</b>
